

PAXLIB MOVIE KIOSK

Easy Patron Guide

Browse movies, find what is available, request a movie now, or place a hold for later.

Designed for simple, comfortable use

Paxton Carnegie Library
Keep this guide near the kiosk for quick help.

How to Use This Guide

The kiosk is made for touch-screen use. Tap buttons once and wait for the screen to respond. Most tasks take only a few steps.

GOOD TO KNOW

Before you begin
Have your library card ready when signing in or placing a hold. You can still browse without signing in.

What you can do

BROWSE	ALL MOVIES	SEARCH
See featured, new, and recently popular movies.	View the full movie collection.	Type a title using the on-screen keyboard.

Guide contents

1. Learn the main screen	Page 3
2. Browse and filter movies	Page 4
3. Search for a title	Page 5
4. View details and choose an action	Page 6
5. Sign in and manage holds	Page 7
6. Troubleshooting	Page 8

1. Learn the Main Screen

The top of the kiosk contains the main navigation buttons. The movie area below changes depending on what you select.

SCREENSHOT PLACEHOLDER

Insert screenshot: Full kiosk home screen

Add labels or arrows for Sign In, Browse, All Movies, Search, and the movie rows.

Main buttons

Browse	Shows featured movies, new arrivals, and popular recent choices.
All Movies	Shows the complete collection in one list.
Search	Opens the search box and on-screen keyboard.
Sign In	Lets you use your library card and view My Holds.
My Holds	Appears after signing in and shows waiting or ready holds.
Sign Out	Ends your session and protects your account information.

TIP

Tap once
If the kiosk seems slow, wait a few seconds before tapping again.
Repeated taps can open the same item more than once.

2. Browse and Filter Movies

Use Browse for a quick look at highlighted movies, or All Movies to see everything.

- 1 Tap Browse or All Movies.
- 2 Scroll through the movie posters by swiping up or down.
- 3 Tap a movie poster to open its details.

SCREENSHOT PLACEHOLDER

Insert screenshot: Browse or All Movies page

Show movie posters, availability labels, and filter buttons.

Helpful filters

All	Shows every movie.
Available	Shows only movies currently marked available.
A to Z / Z to A	Sorts titles alphabetically.
By Rating	Sorts by the movie rating information.
By #	Sorts by the shelf or call number.
G, PG, PG-13, R, NR	Shows only movies with the selected rating.

GOOD TO KNOW

Availability can change
A movie marked available may be picked up by another patron before staff retrieves it.

3. Search for a Movie

Search works best when you type only the most important words in the title.

1

Tap Search at the top of the screen.

2

Tap the box labeled Type a movie title....

3

Use the on-screen keyboard to enter part of the title.

4

Tap the movie poster in the results.

5

Use Clear to erase the search or Done to close the keyboard.

SCREENSHOT PLACEHOLDER

Insert screenshot: Search page

Show the search box, on-screen keyboard, Clear button, Done button, and results.

TIP

Try fewer words

If no result appears, check the spelling and search for one main word. For example, search Potter instead of the entire title.

If the movie is not listed

The kiosk only shows movies currently included in the library movie collection. Ask staff if you believe the library owns the title but it is missing from the screen.

4. View Details and Choose an Action

Tap any movie poster to open the movie information window.

SCREENSHOT PLACEHOLDER

Insert screenshot: Movie details window

Show title, rating, status, call number, location, Ask AI, Get Now, Place a Hold, and Close.

What the details mean

Status	Shows whether the movie is currently available or out.
Call #	Helps staff locate the movie on the shelf.
Location	Shows the section where the movie is stored.
Ask AI About This Movie	Lets you ask a simple question, such as whether the movie is good for children.
Get Now	Sends a request for staff to pull an available movie. Wait near the front desk.
Place a Hold	Requests the movie for pickup another day when it becomes ready.
Close	Returns to the movie list without making a request.

IMPORTANT

Get Now is not checkout
The kiosk sends a request to staff. Staff will retrieve the movie and complete the normal checkout at the desk.

5. Sign In and Manage Holds

Sign in to place holds and see the status of your requests.

1

Tap Sign In.

2

Scan your library card or enter the card number using the number buttons.

3

Tap GO.

4

After signing in, your name appears near the top of the screen.

5

Tap My Holds to see holds that are ready, waiting, or in another status.

SCREENSHOT PLACEHOLDER

Insert screenshot: Sign-in window and My Holds page

Use two smaller images if desired: one for card entry and one for the holds list.

Placing a hold

1

Open the movie details.

2

Tap Place a Hold - Pick up another day.

3

Sign in if the kiosk asks for your card.

4

Wait for the message Hold Placed!.

Canceling a hold

Open My Holds. If cancellation is available, tap Cancel Hold beside the title and follow the confirmation message.

IMPORTANT

Always sign out
Tap Sign Out before walking away. The kiosk may also sign you out automatically after a period of inactivity.

6. Troubleshooting

Most kiosk problems can be solved with one of the steps below.

The screen does not respond	Wait five seconds and tap once. If nothing changes, ask staff for help.
No movies appear	Return to Browse or All Movies. The kiosk may still be loading. Ask staff if the page remains empty.
Search finds nothing	Check spelling, use fewer words, press Clear, and try again.
Library card is not accepted	Re-enter the full card number without spaces. Make sure you are using an active library card. Ask staff to check the account.
A movie says available but Get Now fails	The availability may have changed, or the request system may be temporarily unavailable. Ask staff to check the shelf.
A hold will not place	Sign out and sign in again, then retry once. Account blocks, expired cards, or system problems may require staff assistance.
I forgot to sign out	Tell staff immediately. The kiosk may automatically end the session after inactivity.
The wrong movie opened	Tap Close and select the correct poster.
The kiosk shows a loading or error message	Do not repeatedly tap. Wait briefly, then ask staff if the message remains.

SCREENSHOT PLACEHOLDER

Optional screenshot: Common error or help message

Add a real example only if it helps patrons recognize the message.

TIP

Need help?

Library staff can search for the movie, verify your card, check the shelf, and complete the checkout at the front desk.
